

Dear Dr. Karlsen,

We were surprised and disappointed to learn that you omitted featuring the Israeli flag on your participant banner at your April liver conference. All other participants were listed below their county's flag. Was there a reason for singling out Israel for such omission? We would appreciate your explanation.

Thank you.

Sincerely,

Dr. Leon Kadish, MB, ChB, FRCSC
Chair of DARA (Doctors Against Racism and Anti-Semitism)
